I6829 - 4.4-Acre Private Island 6 Miles from Placencia

Location: Placencia - Stann Creek

Land Area: 191664 | Frontage: Beach-Front

Ever dream of owning a private island? Consider this raw, undeveloped island in the Lark Caye range in southern Belize as the perfect blank slate to build your dream island getaway on. Surrounded by clear water and teeming with coral and marine life, this 4.4-acre private island offers enough space for a large private residence or boutique resort. With a shallow shoal extending a hundred feet into the Caribbean Sea, this island provides easy access to excellent fishing and snorkeling terrain. If low-key is more your style, a fishing lodge or restaurant for passing tour boats would be ideal venues for this island only 6 miles from the coast of Placencia Village. A 15-minute boat ride will make shopping and stocking up on supplies quick and accessible. The island will need filling, which we will gladly help you arrange.
