L3611 - Desirable Location â€“ Hopkins Sittee Resort Area

Location: Stann Creek

Frontage: Beach-View

Now offering, one of the few available lots in the resort area known as Phase I, Hopkins. Located in close proximity to clean beaches, great resorts, fabulous restaurants, fitness club, coffee shops, and of course friendly expats so this lot shouldn't last too long. The lot is half cleared, has been partially filled, is considered high and dry with water and electricity available at the road. You will also enjoy a sea view from your home as the properties across the road are already developed. This allows you to choose where to place your home for the best views. Other attractions in the area include bird watching, paddle boarding, mini golf, drumming, locally made ice cream, hiking, ziplining, cave tubing and so much more. There is a vibrant community in and around Hopkins that there should be something for you to do or enjoy almost always. Call or email me for more information or to arrange a showing.
